1. The Examiner cancels claims 50-53 as being non-elected claims without traverse (see paper filed by applicants on 11/2003). Claims 50-53 are directed to a lamp fill material, which is classified in class 252, subclass 181.6. The Examiner submits that there will be an undue burden for a search in class 252. The Examiner has already mentioned in the previous restriction requirement that there would be undue burden on the Examiner to make a search for non-elected invention. The Examiner further has already mentioned in the previous restriction requirement that the two subject inventions (group I and II) are distinct from each other. The Examiner cancels non-elected claims 50-53 by informal amendment. Applicant's response is not deemed necessary in response to cancellation of non-elected claims 50-53.

2. The following is an examiner's statement of reasons for allowance: prior art of the record does not disclose applicant's claimed lamp structure as specifically recited in at least independent claims 37, 42, 45 and 48. Claims 37-49 and dependent claims 38-41, 43-44, 46-47, 49 and 54-57 are in the condition for allowance.

Art Unit: 2879

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ashok Patel whose telephone number is 571-272-2456. The examiner can normally be reached on Monday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nimesh Patel can be reached on 571-272-2457. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.
